

OALC Vision

The Town of Okotoks fosters a culture of resiliency – where people, businesses, ideas and sense of community thrive. Grounded by the Sheep River valley and supported by thoughtful planning and design, a strong local economic and a vibrant civic culture, Okotoks offers exceptional quality of life at every stage of life. Respect for each other and the natural environment makes Okotoks home. The OALC supports the future growth and evolution of our community in a number of ways.

With key partnerships, Phase 1 of the development is focused on a number of shared commitments. Along with being a cornerstone for the enhancement of economic vitality in the downtown, the OALC will:

- enable opportunities for local access to post-secondary education*
- support a flexible and evolving library experience*
- form a collaborative hub that links families, high school students and post-secondary learners to formal and informal learning*
- create seamless access to resources and supportive networks for businesses and entrepreneurs*

In addition to providing vibrant education and learning spaces, the proximity to the pathway system and downtown, the campus invites opportunities for indoor and outdoor community events in the flexible plaza space, future playground, and Ethel Tucker park area. The OALC will be an invaluable asset that will form a vibrant hub for the community, and a cornerstone for education, culture and economic development for current and future generations.
