

# BECOMING A COMMUNITY BUILDER

*building Rural Communities  
one leader at a time*

**The Becoming a Community Builder Program has set out to increase the leadership capacity of Rural Canada and OKOTOKS has been selected to participate!**

**This 90 day competency based leadership development program is FREE to all Community members**

*Two distinct tracks will be offered:*

## **Community Members**

### **Becoming a Community Builder**

Designed for those who wish to improve their personal leadership capacity and impact their Community. Participants will learn to better operate their businesses or organizations, mobilize community resources, build community capacity and interact with all stakeholders marshaling them to a common goal. In short, this track will create better Community Builders!

## **High School Leaders**

### **Building Future Leaders for Impact Today**

Designed specifically for High School students this track looks to solve what Figura called “the impending leadership void in our workforce and communities!” by establishing the foundation for successful leadership action and impact.

## **Both tracks will include:**

- 4 Live video workshops (one every 3 weeks)
- Live video chat coaching sessions
- weekly reinforcement and motivational emails
- on-demand video archive of all programs
- an on-line portal containing all materials and also acts as a platform for the dynamic exchange of information amongst participants

The Program is designed and facilitated by Ian Hill, Award Winning Change Agent, Business Leader and one of North America's foremost Community Builders
