

Did you know? The Town charges \$2 per bill to cover the cost of paper invoices. Sign up to go paperless! okotoks.ca/Utilities

Indoor/Outdoor
Winterization

HELPFUL TIPS: —

Outdoor Hoses Be sure to disconnect and drain all outdoor hoses and shut-off the outdoor water supply properly to avoid pipe bursts.

Rain Barrels Ensure rain barrels have been emptied and stored to avoid freezing and cracking.

Yard Irrigation Systems Make sure your outdoor irrigation systems have been properly blown out to avoid frozen lines.

Water Lines Avoid frozen pipes by ensuring indoor water lines are protected in unheated areas (e.g. basements, crawl spaces, attics, garages and under kitchen and bathroom sinks).

Improve Energy Efficiency

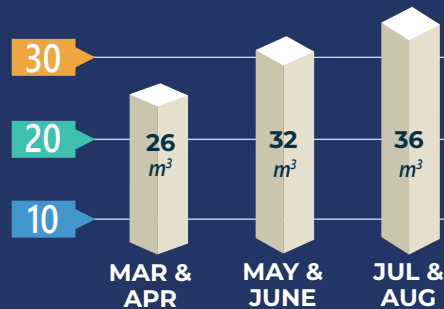

Book your FREE DIY energy audit kit to identify common energy wasters in your home and decrease your bill!

Water Conservation Rebate Program

75% Sold Out!

okotoks.ca/Water-Rebate

SAVE MONEY and WATER!

One of the many items available for rebate is drought-tolerant sod or grass seed that is TWCA-certified or composed of less than 30% Kentucky Blue Grass. The rebate includes the cost of installation and rebates 50% up to \$1000. Turf alternatives such as white Dutch Clover and sedum turf (zones 1-3) are also eligible for a 50% rebate up to \$100.

Free Tree! Looking to add trees to your yard? Purchase one of the 14 eligible trees on the rebate list, and you'll receive an extra \$100 in your pocket - in addition to the rebate funding. **Still time to apply!*

Household Hazardous

WASTE Drop off your household hazardous waste at the Eco Centre. Items include: all batteries; household chemicals; paint; propane tanks & bottles; fluorescent light bulbs & tubes; electronics and more! Use the **What Goes Where** tool for a complete list.
